

Abundant Life Organic Farms

We are the Armstrongs: Jeff and Kaylee, and our children Hannah, Chloe, Lila and Isaiah. We moved here in 2005 from the front range to raise our family in the beautiful North Fork Valley. We grow top quality organic produce for our table and for you, our neighbors!

You Can Look Forward To:

July: A delicious combination of zucchini, summer squash, snap peas, cilantro, swiss chard, arugula, lettuce, beets, basil, super tender green beans, cherries and Walla Walla sweet onions.

August: A large selection of delicious heirloom tomatoes and mouthwatering exotic melons such as Charentais, Galia, Orange Honeydew, and San Juan; plus eggplant, cucumbers, sweet onions, zucchini, summer squash, beets, French filet beans, and peaches.

September: More of August's delicious offerings early on, apples and later, the first tummy-warming winter squashes and potatoes.

October: An abundance of winter squash, beets, chard, lettuce, onions, cilantro, pears. A bonus: maybe more heirloom tomatoes.

Member Agreement

As a member of the CSA at Abundant Life Organic Farms, I am making a financial commitment to support local organic agriculture.

I recognize that due to the inherent risks of farming, there are no guarantees of the exact amount or type of produce I will receive. I am willing to share the risks and reap the benefits along with Abundant Life Organic Farms. I understand that no refunds will be given.

It is my responsibility to pick up my share at 31733 Hwy 92 on Wednesdays from 1-6 pm or to make arrangements in ADVANCE to do otherwise.
