The Ela Family Farm fruit CSA share offers approximately **80 pounds of organic fruit**. For 11 weeks, members receive the best of our harvest. Enjoy juicy peaches, succulent pears, sweet plums, heirloom tomatoes and crisp apples right from our farm! We finish our share with our special of apple cider blend! This is what good living is all about!

Keep in mind, a CSA is community-supported agriculture, so CSA members share in the bounty and the risk of crop failures and shortages with farmers. If we have a crop shortage on any fruit, we will substitute the full retail value of the product with our processed goods (which are amazing!) or another fruit. Your satisfaction is our #1 goal! We will bring you the best of our harvest each week. Below are **predicted** fruits for each week.

Fruit Predictions-

Aug. 11- Two bags of fruit: Peaches and heirloom tomatoes plus applesauce

Aug. 18- Two bags of fruit: Peaches and heirloom tomatoes

Aug. 25- Two bags of fruit: Peaches and heirloom tomatoes
